NOTE FOR THE RECORD

This was discussed with Mr. Bannerman 24 August.

[redacted] attended the DD/P Staff Meeting at which this item came up, and OTR is on top of it. John Richardson expects to handle the problem through the Training Selection Board. There is common agreement, including Mr. Bannerman's, that it would be inappropriate for senior officers to be entered in the midcareer program. The training they desire along the lines comparable to that offered by the midcareer program should and can be offered in other ways.
